NAR's Green Designation

SEPTEMBER 8-9
2025

About This Certification:

NAR's Green Designation Course: People, Property, Planet, Prosperity covers the distinguishing characteristics that make a high-performance home. The course looks at how consumer demand for these homes is increasing and provides a detailed accounting of how high-performance features work. The course prepares real estate professionals to provide advice and sources of information to help homeowners improve the performance of their homes from low-cost fixes and DIY projects, to retrofitting and replacing systems, to big budget home remodeling projects and new constructions. Ultimately, this course will show you how to apply green knowledge to enhance your business while also helping to create a more sustainable, healthy world.
